WHAT TO DO IF A WORKER, CONTRACTOR OR SITE VISITOR TESTS POSITIVE FOR COVID-19

❌ ISOLATE

Assist the person to immediately go home and isolate. They should drive themselves home if possible. If they must be driven home, wear a fitted face mask and keep as much distance as possible.

If they are unable to go home immediately, isolate the worker from others and ensure they are wearing a fitted face mask.

❌ INFORM

Call the Coronavirus hotline for advice:

National 1800 020 080
Vic 1800 675 398
NSW 13 77 88
ACT (02) 6207 7244
QLD 13 42 68
Tas 1800 671 738
SA 1800 253 787
WA 13 26843

❌ ASSESS

Complete this Covid-19 Risk Assessment prepared by HazardCo to work out and document your next steps.

❌ IDENTIFY

Identify and contact all close contacts, inform them they may have been exposed to COVID-19 and they must get tested if they develop any symptoms.

If they don't have symptoms, recommend them to use Rapid Antigen Tests daily for 5 days.

❌ CLEAN

Clean the workplace based on the Covid-19 Risk Assessment.

❌ REPORT

Submit an Incident Report in the HazardCo App, select Illness as the "Type of Incident".

Check if you need to report an incident to your state regulator, and remember that you can give our advisory team a call for advice if you're unsure.

❌ REVIEW

Review your risk management controls and update any changes if required, with the involvement of the workers.

REMEMBER

- Follow the advice of health officials at all times

- We're here to help, give the HazardCo Advisory Team a call on 1800 954 702 for further support
